St. PAUL reports the river frozen.

THE river fell 11 inches at Cairo yester-Business was not quite drowned out by THE Mississippi is reported gorged with ce at Clinton, Ia. Signal Service report: River 15 feet-ecline 6 inches yesterday. THERE was no discount in the way the ain storm raged after dark last night. EXCEPTING light rises in the upper Mis-issippi, upper streams are all declining. RECEIPTS by river yesterday, 535 bales of

otton, 37 bags of seed-cotton and 972 sacks THE Henry Lourey and barges passe ing an empty barge here THE City of St. Louis, due up from New rleans this morning, will take on 1644 ales of cotton here for reshipment at THE Halliday telegraphed from Cairo resterday that she would not arrive here

THE funeral of the late Capt. J. C. Collins took place yesterday morning, under the auspices of the L.O.O.F., of which he was a member. The Belle of Shreveport, from Cincinnati for New Orleans, passed down yesterday, discharging over 600 packages and adding 127 bales of cotton. The railroads are having a little jubilee here now, which the marines enjoy as much as anybody. "Every dog has his day"—the marines will come in for theirs some time soon. THE Dauntless, with a tow of produce boats, arrived from above yesterday, and after leaving her tow up at the island,

lark last night. She is probably bound The Henry Frank had a large force un-loading all day yesterday, but on account of the storm had to lay over till this morn-ing at 10 o'clock, when she departs for New Orleans, with engagements for near 000 bales of cotton. EVERY marine should deck himself in is best bib and tucker to-day, and show our Kansas City guests that "we are some in a bar-fight" when it comes to showing up the commercial importance of Memphis and the Mississippi Valley. CAPT, En POSTAL has a special notice White river, and return in the afternoon. Capt. Henry Lowe, at the tarpaulin shed

will give all the particuluars. Some time ago the Sallie Cooper, run ning in upper St. Francis river, sunk a barge loaded with cotton. The bills of lading were given in the name of the Sallie Cooper, instead of the barge on which it was loaded, and a dispute has arisen be-tween the owner of the coat and the insurance company as to the responsibility for the damage. Ox the last trip of the Henry Frank down to New Orleans, when the river was a foot or so lower than now, while making landing at Australia, the same snag that sunk the Will Kyle was above water and broke in the Frank's guards. Since ther the water rose sufficient to cover it out o sight, by which the Kyle was lost. A lollar expended by those doing business at the landing would have saved a \$40,000 steamboat—but it wasn't their hoat, and it is unreasonable to suppose that they care a copper what becomes of anybody else's boat, and it is presumable that that snag will be allowed to remain there to sink the next boat which undertakes to accommo-

date the people there. WEATHER AND RIVERS. OFFICE SIGNAL SERVICE, U. S. A., MEMPHIS, TENN., November 21, 1823. The following observations are taken at of time (1:08 p.m.) at all t

Thursday, 29th Day of November, 1883 Taursday, 23th Day of November, 1933, as a day for Thanksgiving and Praise to our Heavenly Father, who has so blessed our State and people.

In doing so, it is meet to suggest to the generous and happy, that no day in our calendar is so appropriate for remembering the needy poor in the practice of that cardinal virtue—charity.

In Terrinous Whenson, I have hereunto set my hand and caused the Great Scal of the State to be affixed, at the Department in Naghville, on this lith day of November, A. L. 1981.
